#JEEPGOTOPLESSDAY

Saturday, May 15th, was Extreme Terrain's Go Topless Day. Unfortunately, due to the rain that day, most of us left our Jeep top on during our backroad run from Springfield Lake to Camp Tomahawk in Galena. There were 35 Jeeps in attendance that day. While there may have been a shortage in attendance, there was NOT a shortage in generosity. We were able to raise over \$900 for our charity, Breast Cancer Foundation of the Ozarks. Because we raised over \$500, Extreme Terrain will MATCH \$500 to that same organization! HUGE shout out to everyone who came out, and Thank You to Laura Messersmith for guiding our tour, Jeff Shafer for directing the Jeeps to their correct locations, Dan Campbell & Chris Martinez for taking our pictures, and Jack Bernard for the ice cream treats! Our event was definitely a SUCCESS!

Bring on Summertime!

With the temperatures outside rising, many of us will soon be removing our doors and Jeep tops to enjoy the sun on our skin and the wind in our hair! If you find that the sun is a little too aggressive, you may want to look into a Sunshade. "What is that?" you may ask. It is a mesh cover that comes in a variety of shapes, sizes and colors that helps provide a little bit of shade with the open air experience. You can find a full length shade, a front shade, or a front & rear shade. They are available for JK, JKU, TJ, YJ, JL and JLU. Below, you will find some examples of what they look like. They are easy to install and a fun, inexpensive way to customize your Jeep.

WHERE'S WALDO?!

Here in Springfield, the local magazine, 417 Magazine, has a segment in it called "Where's 417?" People take the magazine with them to their vacation destinations and take a picture with it and then submit it to the publishers of the magazine. I would love to start doing that!! If you go on a vacation, take this newsletter along with you! Take a picture with it and then submit it to us to be featured in our next edition. Let's have some fun and see where our members are going! Where's OJT !??
